

PJT2026000001 - Interface and Auxiliary Materials Confirmation

Project: Flow Template Closure Verification Code: PJT2026000001

Duration: 2026-10-01 ~ 2026-10-30 (30 natural days, V1 effective)

Scope split: hardware install and commissioning by vendor crew;
customer side: machine-room access, power and uplink by customer contact.

Auxiliary materials: 12 fiber patch cords, 300m CAT6 cable,
6 cable managers, 2 label rolls, 4 rack screw kits.

Confirmed by service manager and project manager.

Note: effective duration does not equal construction plan approval.
